

2AA eLED Z0

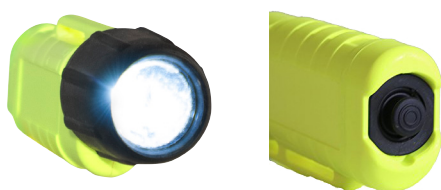

The 2AA eLED is a 70 lumen lamp powered by only two AA batteries.

A deep parabolic reflector bundles the light from the LED into an efficient, centered beam.

A unique metal sleeve wraps around the reflector and acts as a heatsink to pull excess heat away from the LED. A cooler LED is more efficient.

With the 2AA eLED, narrow rooms and areas can be ideally illuminated.

Turn the powerful 2AA eLED light into a lightweight, hands-free solution by mounting it on your hard hat or helmet.

FEATURES

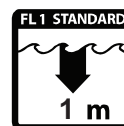

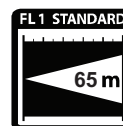

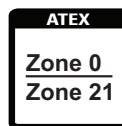

- Waterproof and dust-tight
- Deep Parabolic Reflector
- Efficient center-weighted beam
- Improved LED efficiency by heat dissipation
- Design for all weather use
- Mounts to helmets and hart hats using a helmet clip

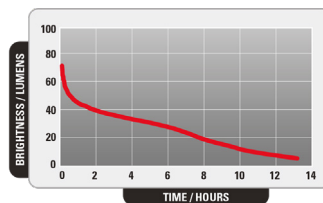

TECHNICAL DETAILS

II 1G Ex ia op is IIC T4 Ga
II 2D Ex ia op is IIIC T60°C Db
SEV 13 ATEX 0182 X

Size	10.16 x 3.81 x 3.81 cm
Weight	99,2 g
Color	safety yellow
Batteries	2 x AA Alkaline
Lamp Type	eLED
ATEX Zones	0,1,2,21,22
IP-Code	IP67
Waterproof	Up to 1 m

ART. NO.

- 15405F 2AA eLED/safety yellow/incl. alkaline batteries/blister
15409 2AA eLED/safety yellow/no batteries/no packaging
