

3AAA VIZION I

The 3AAA eLED VIZION I is a truly industrial head lamp, which is remarkably lightweight and designed for use in the most challenging climates and conditions.

The scope of delivery includes either a rubber helmet strap or a soft elastic head band, which ensures a secure hold on the helmet or head.

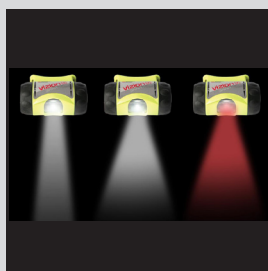

An upward and downward adjustable beam angle and 3 selectable beam patterns create optimal light conditions (Spot for seeing long distance / Diffuse for close up work / Red Diffuse for extremely low light conditions).

The lamp module is removable from the lamp body, and can stand up on its own for use as a work light, camp light, or small area light in tight spaces.

FEATURES

- Waterproof and dust-tight
- 3 selectable beam patterns
- 2 power modes (High/Low)
- Removable LED lamp module
- Large push button control switch works with heavy gloves
- Rotating beam angle adjustment knob
- High impact ABS, LEXAN® and molded rubber construction for durability
