

## 4AA eLED SUREFOOT

The 4AA eLED SUREFOOT (2-beam) is a revolutionary intrinsically safe LED flashlight and a perfect tool for any poorly illuminated work areas.

The primary beam (170 lumens) shines forward, whilst the second beam (20 lumens) shines downward providing illumination to the foot path so the user safely see where he is walking.

There is no loss in burn time when using both beams at the same time, it still remains 6 hours.

For hands-free lighting, the 4AA eLED SUREFOOT can be securely attached to fire brigade safety and work helmets using a helmet clip.

## FEATURES

- Waterproof and dust-tight
- Dual Beam (forward and downward) for more safety
- High efficiency optics for long-life LED
- No loss to burn time when using both beams
- Mounts to all work and safety helmets with a helmet clip

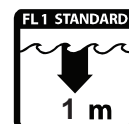

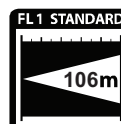

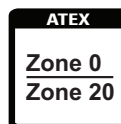

## TECHNICAL DETAILS

II 1G Ex ia op is IIC T4 Ga

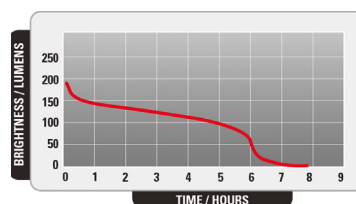

II 1D Ex ia op is IIIC T75°C Da

SEV 17 ATEX 0158 X

170 (forward)/20 (downward)

Size	15.75 x 4.06 x 3.56 cm
Weight	156 g
Color	safety yellow
Batteries	4 x AA Alkaline
Lamp Type	eLED
ATEX Zones	0,1,2,20,21,22
IP-Code	IP67
Waterproof	Up to 1 m

## ART. NO.

514652F 4AA eLED SUREFOOT/safety yellow/incl. alkaline batteries/blister

514656 4AA eLED SUREFOOT/safety yellow/no batteries/no packaging
